1 Introduction

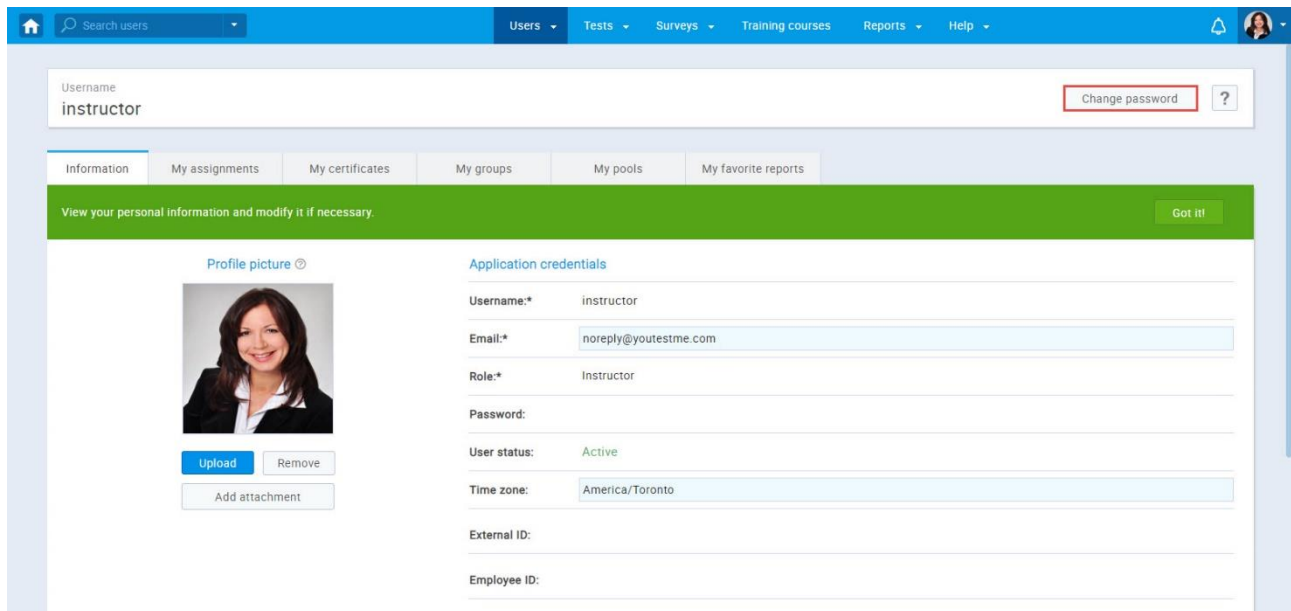

This document's purpose is to provide guidelines for changing the automatically-generated password which you received during the registration process.

2 Changing password

Navigate to "Users" in the main menu and choose the "My profile" option.

Click on the "Change password" button in the top right corner.

The popup window will show up. Enter the new password and retype it in the "Confirm new password" field. Click the "Save" button, and your password will be changed.
