Product Receiving

This document describes the product payment and receiving process

1   Payment

Our payment options include via PayPal, credit card or a wired transfer. Consult the Payment Instructions document for more information.

2   Confirmation

You will receive an email that your payment is in the confirmation process that may take up to 12 hours.

3   The Product

Once the payment is confirmed, within up to 5 business days, we will send the download link for your purchased product alongside the necessary documentation.

4   Implementation

The documentation also includes a step-by-step implementation manual which enables you to install the product.

5   Using

Once the product has been successfully implemented and installed, you may start using it!
