1 Introduction

This document's purpose is to explain how functions the ability to import/export of data from your application.

2   Exporting the pass/fail entry for LMS

To export the pass/fail entry for LMS, do the following:
1.   Navigate to the **Tests** tab in the left side main menu.
2.   Select the **Manage tests** tab.
3.   Select the desired test.

4.   Open the candidates tab.
5.   Click on the **Export compilation status as Excel** icon.

When downloading the Excel file, we can see that the file is empty. To have the data in it, the manager first has to verify reports.

To verify reports:
1. Select a couple of students.
2. Click on the **Action** option.
3. Select the option **Verify selected attempts**.

Click on the **Ok** button to confirm.

If we now export again the compilation status as Excel file, we can see the results of students who's results should be inserted in the LMS.
