## 1 Introduction

This document explains how to:

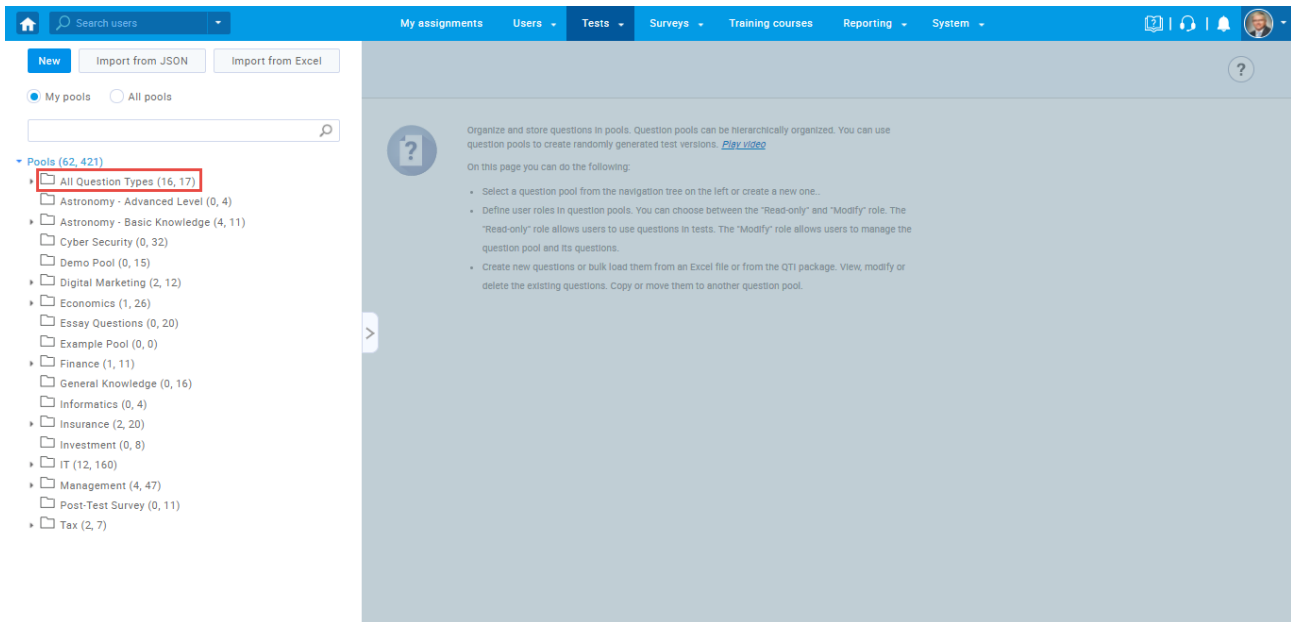

- Permit text or images to be used during exams
- Allow split and adjustable screens for text or images to be presented next to, above, or below test questions

## 2 Adding images

To access the “**Question pools**” page, navigate to “**Tests**” in the main menu, and choose “**Question pools**”.

Click on the pool's name you want to enter the Question in.

In the "Questions" tab, click on the drop-down menu and select which type of Question you want to create. The example below shows the True/False type of Question.

Question Type	ID	External ID	Question text	Source pool	Difficulty	Type	Topic Areas

A question creation form will appear. To attach a multimedia question, you need to click on the image icon and import the desired image from your PC.

**Question text**

Rich text editor toolbar: Bold, Italic, Underline, Text color, Background color, Bulleted list, Numbered list, Indent, Outdent, Link, Unlink, Undo, Redo, Font size, Font color, Image icon (highlighted), Full screen.

**Check the correct answer**

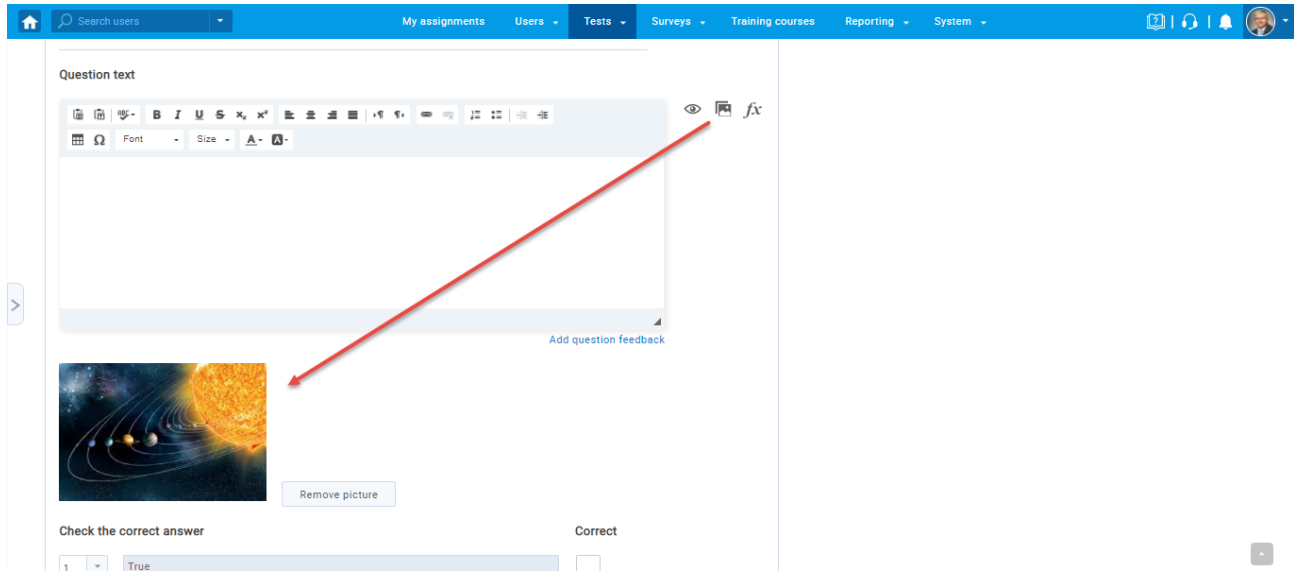

1	True	<input type="checkbox"/>
<a href="#">Add feedback for this answer</a>		
2	False	<input type="checkbox"/>
<a href="#">Add feedback for this answer</a>		

**Assistance**

Define the optional assistance that will make answering the question easier. If the candidate chooses to use the assistance, a penalty will be applied to the question score. If you define the assistance to the question where the branching is allowed, the branching option will be disabled.

[Add assistance](#)

The image will appear in the text editor.

The screenshot displays the Youtestme question editor interface. At the top, there is a navigation bar with options like 'My assignments', 'Users', 'Tests', 'Surveys', 'Training courses', 'Reporting', and 'System'. Below this, the 'Question text' area features a rich text editor with various formatting tools. A red arrow points from the 'Add image' icon in the toolbar to an image of the solar system. Below the image is a 'Remove picture' button. The interface also shows a 'Check the correct answer' section with a 'Correct' checkbox.

**Note:** Students will be able to click on the image, large it, and provide the answer to the question during the exam.
