## **1** Introduction

This article explains how to confirm if the following requirement is well implemented:

• Lookup test results of previous test run.

# 2 Creating a test

Hover over the "Tests" tab in the main menu and select "New test".

Enter the basic test information in the first step of the test creation process, then click the **"Next"** button.

	My assignme	ents Users <del>-</del>	Tests 👻	Surveys 🗸	Training course	s Reportir	ng 🚽

Configure the rest of the test settings to complete all the Test Creation Wizard steps.

Then, you have to create a testing session in the following way:

- 1. Navigate to the "Testing sessions" tab.
- 2. Click the "New testing session" button.

#### **3** Taking the test

Log in as a student, and navigate to the "My assignments" page.

Start the previously created test by clicking the "Start" button.

Acknowledge the instructions, and start the test-taking process.
