1.	1	Import Users From AGILE

## **1** Introduction

This document's purpose is to explain how to import users from AGILE to YouTestMe GetCertified.

## 2 Import Users From AGILE

To load the users using a predefined AGILE Excel template, follow the next steps:

- 1. Download an excel template for loading users:
  - a. Go to Users/Manage users page
  - b. Click on the button "Load users," and the popup window will show up
  - c. From the drop-down menu, select "AGILE"
  - d. Click on the linked text "Excel template," and then the template will be downloaded to your computer

2. Fill out the template for loading users with necessary information about candidates. Mandatory fields are "Agile User ID," "USER PKI" (username), and "User Availability."

- 3. To upload the users into the application:
  - a. Click on Choose File and choose the Excel template that you populated with necessary information
  - b. Make sure Agile is still chosen from the drop-down menu
  - c. Click on the Confirm button
