2 Introduction

Following these steps will help you to increase and decrease indents in text of the question.

3 Instruction

- Step 1: Position your mouse before the word you want to indent.

The screenshot shows the 'Edit question' interface in the Youtestme application. On the left is a sidebar with navigation options like Home, Assignments, Users, Workspaces, Tests, and Question pools. The main area displays a table of questions with columns for Actions and Common ID. A red arrow points to the space before the word 'parent' in the code editor, indicating where to position the mouse for indentation.

Edit question

Multiple choice 1.00 points | 0.00 penalty | Medium difficulty | 1 minute

Question text *

Test Question 2 - Average with code in question

```

RowLayout {
  anchors.fill: parent
  Item {
    id: item1
  }
  Item {
    id: item2
  }
  ...
}
body div p span

```

Answers

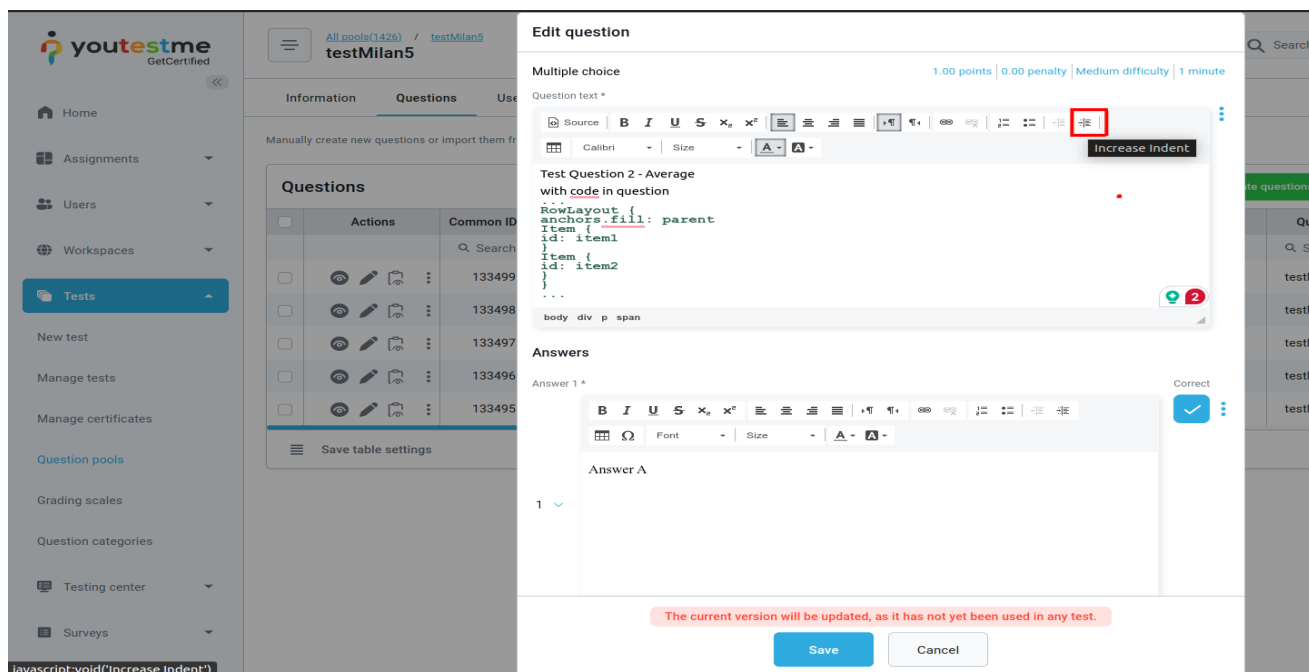

Answer 1 *

Correct

The current version will be updated, as it has not yet been used in any test.

Save Cancel

- Step 2: Select the "Increase Indent" button.

The screenshot shows the 'Edit question' interface in the Youtestme application. A red box highlights the 'Increase Indent' button in the formatting toolbar, indicating where to click to increase the indentation of the selected text.

Edit question

Multiple choice 1.00 points | 0.00 penalty | Medium difficulty | 1 minute

Question text *

Test Question 2 - Average with code in question

```

RowLayout {
  anchors.fill: parent
  Item {
    id: item1
  }
  Item {
    id: item2
  }
  ...
}
body div p span

```

Answers

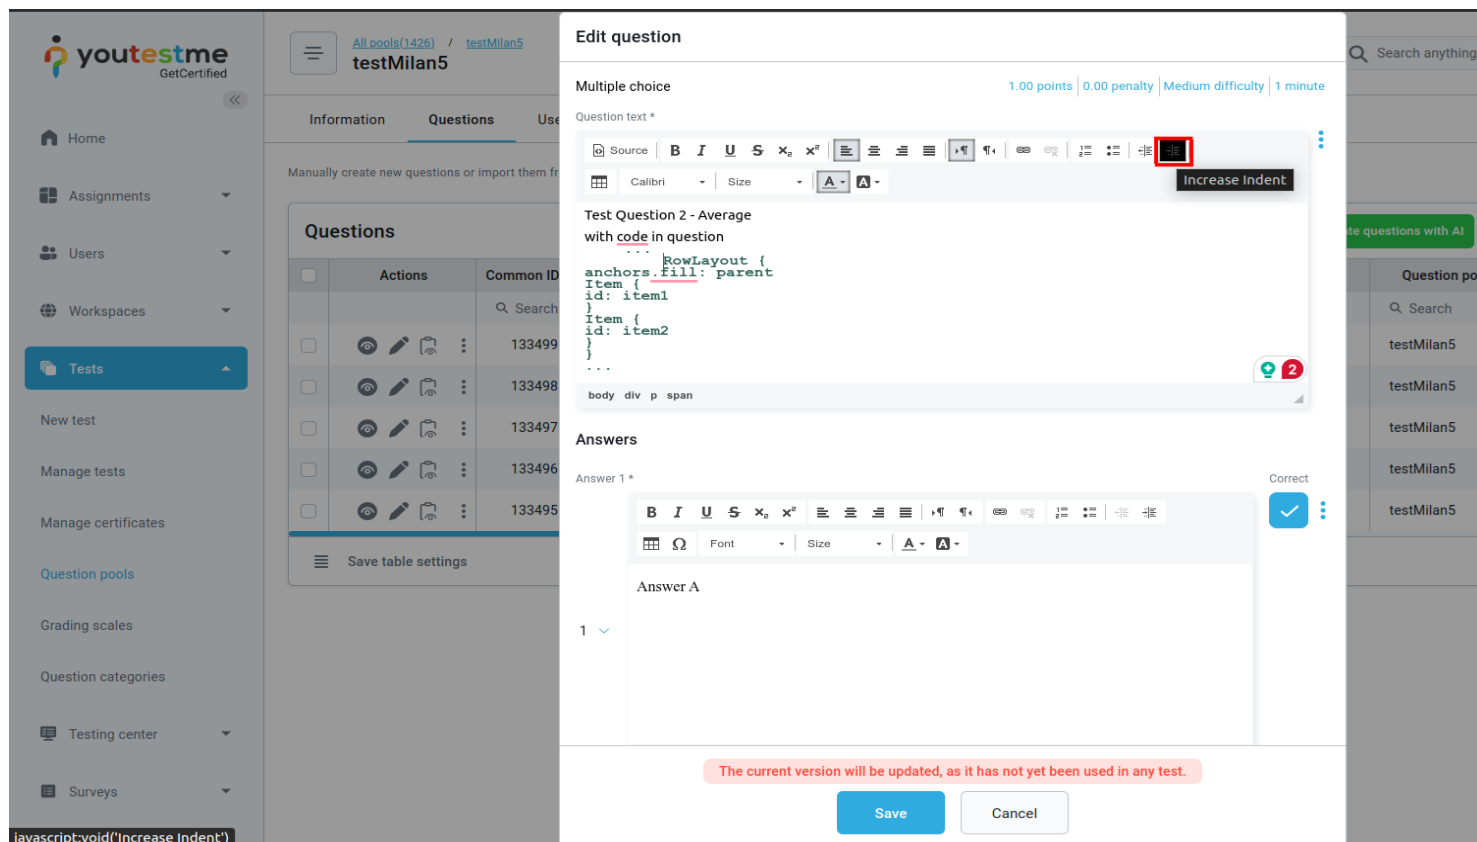

Answer 1 *

Correct

The current version will be updated, as it has not yet been used in any test.

Save Cancel

- Step 3: Double-click the “Increase Indent” button to apply a larger indent if needed.

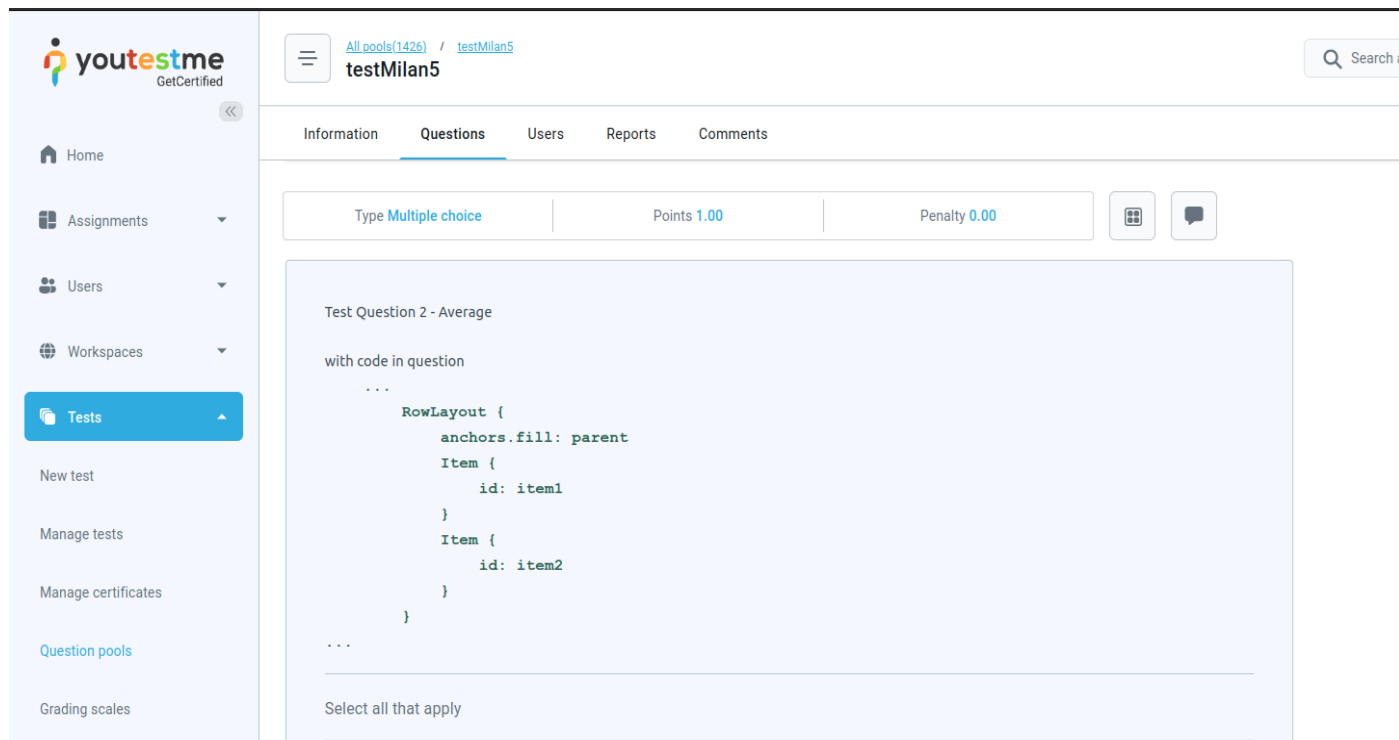

The screenshot shows the 'Edit question' modal in the Youtestme application. The question is a 'Multiple choice' type with 1.00 points, 0.00 penalty, medium difficulty, and a 1-minute time limit. The question text is 'Test Question 2 - Average with code in question'. The code in the question is:

```
...
RowLayout {
  anchors.fill: parent
  Item {
    id: item1
  }
  Item {
    id: item2
  }
  ...
}
body div p span
```

The 'Increase Indent' button is highlighted in the code editor. The 'Answers' section shows 'Answer 1' with a 'Correct' checkbox. A red notification bar at the bottom states: 'The current version will be updated, as it has not yet been used in any test.' The 'Save' and 'Cancel' buttons are at the bottom right.

- Step 4: Click save and preview question.

The screenshot shows the 'Questions' list in the Youtestme application. The question 'Test Question 2 - Average' is selected. The details for this question are:

- Type: Multiple choice
- Points: 1.00
- Penalty: 0.00

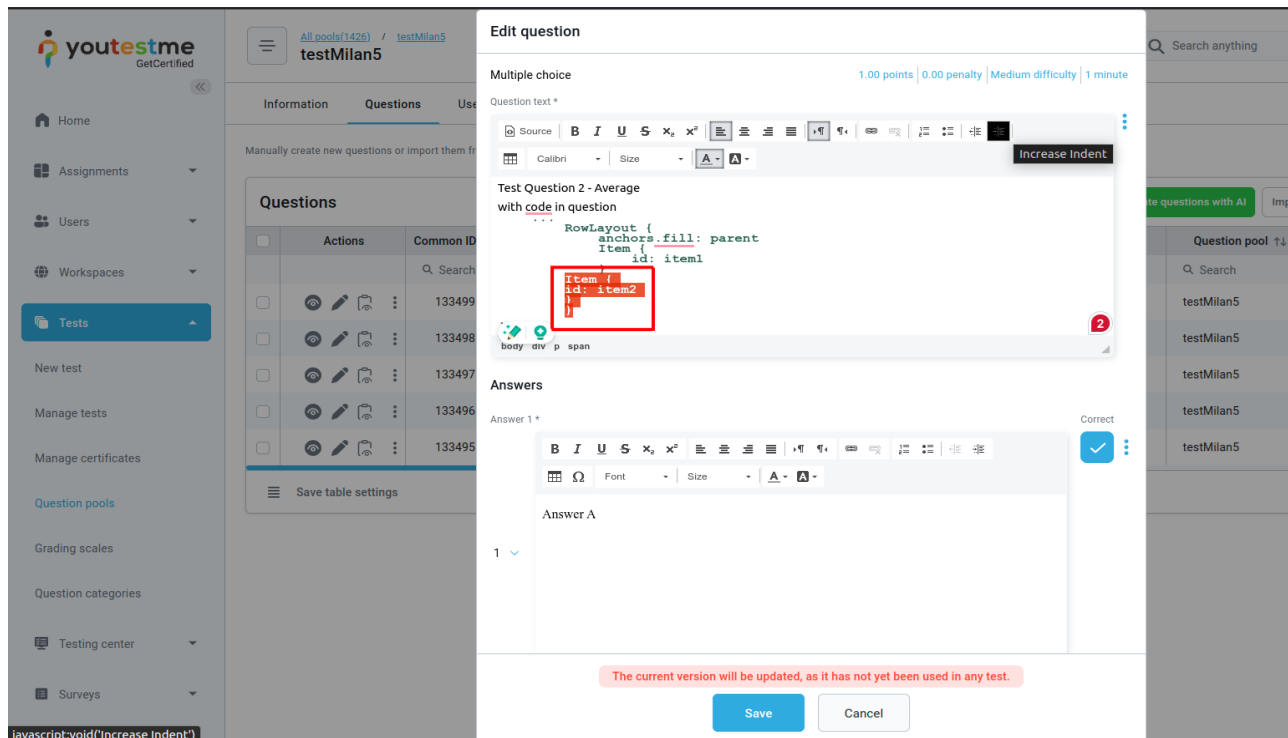

The question text is 'Test Question 2 - Average with code in question'. The code in the question is:

```
...
RowLayout {
  anchors.fill: parent
  Item {
    id: item1
  }
  Item {
    id: item2
  }
  ...
}
```

The question is listed as 'Test Question 2 - Average' with a 'Correct' checkbox. The 'Save' and 'Cancel' buttons are at the bottom right.

4 Tips

- You can also select multiple sentences and click "Increase Indent" to apply it to all selected text.

The screenshot shows the 'Edit question' interface in the youtestme application. The main window is titled 'Edit question' and displays a 'Multiple choice' question. The question text is 'Test Question 2 - Average with code in question'. The code editor shows a JSON-like structure for a code block:

```
RowLayout {
  anchors.fill: parent
  Item {
    id: item1
  }
  Item {
    id: item2
  }
}
```

A red box highlights the code block, and an 'Increase Indent' button is visible in the top right corner of the editor. The interface also includes a sidebar with navigation options like Home, Assignments, Users, Workspaces, Tests, and a bottom section with buttons for 'Save' and 'Cancel'. A red notification banner at the bottom states: 'The current version will be updated, as it has not yet been used in any test.'

- To reduce the indent, use the "Decrease Indent" option.
